From PONETI

 Thank you for buying my asset, I really appreciate it. Please, rate my asset if you like it, that will help me a lot. I'm going to develop similar assets, so if you feel that something is missing, please send me your ideas vie email (ponetisup@gmail.com), maybe I will be able add them to the next update.

Concerning demo scene, it was developed for monitors with 2K resolution. Other resolutions may have problems with build and run.
- ANIMATIONS DO NOT WORK (in Unity)
> Window > Package Manager > 2D Animation (install) PSD Importer (install) IK (install) > reload Demo scene.

 If you need the source source file of the map in 16k, please, write to my mail with your invoice number of the purchase.
